About Caravan Café

Born out of love for food, passion for travel and the eternal romance with life, the place reflects the free-spirited and bohemian souls who live life on their own terms. It's a place where one can relax and unwind over a long leisurely meal while soaking in the breezy carefree vibes.

The word Caravan which originated from the Persian word *kârvân* signifies a group of people travelling together. In their course of travel, they share a meal and get to know each other better. And that's what Caravan Café aspires to be. A place where friendships brew over coffee, love melts into luscious chocolates and travel plans are made over a hearty breakfast!

The interior design of the cafe is inspired by European architecture and style of décor. The love for restored vintage cars prevalent in Lisbon is reflected in the remodelled 1960's Volkswagen Camper that doubles up as a serving station and a classic photo op spot. The

influence of Santorini and Mykonos in Greece is visible in the dreamy white walls adorned with vibrant bougainvillea blooms. The concept of vertical garden used for landscaping buildings in the eastern part of Europe lends a lush green 'grammable' look to the café providing a soothing and therapeutic effect.

The food is an eclectic mix of global cuisine that's hand picked for customers to experience different flavours and tastes which are characteristic to each country.
